Mauritius GBC Invoice

Notes to invoice above

1. Healy Consultants Group PLC's fees to efficiently and effectively complete Mauritius GBC company registration within [three weeks](#) by **i)** choosing the M&AA and business entity for our Client's business activities; **ii)** requesting our local licensed agent to reserve a company name and register the company with the Mauritius [Corporate Registration Department](#); **iii)** settling our local licensed agent's fees; and **iv)** preparing a high quality GBC license application for submission to the Mauritius [Financial Services Commission](#) by our local agent;

All [engagement fees](#) (click link) are agreed and paid up front. The fees are published on our country web pages. Consequently, there are no hidden fees, surprises or ambushes throughout the engagement. All engagement deadlines are agreed up front in the form of a [detailed project plan](#), mapping out [deliverables](#) by week throughout the engagement term;

Every week during the engagement, Healy Consultants Group PLC will email our Client a [detailed status update](#). Our Client is immediately informed of engagement problems faced by Healy Consultants Group PLC and our local agent in Mauritius, together with solutions suggested by Healy Consultants Group PLC. Your dedicated engagement manager is reachable by phone, Skype, live chat and email and will communicate in your preferred language;

2. In accordance with [Mauritius Financial Services Act section 71](#), each Mauritius GBC company must appoint a company secretary, who may be a natural person or a body corporate, but the company secretary must be resident in Mauritius. Our local agent will act as your Mauritius company secretary, for which annual responsibilities include **i)** preparing and filing the legal annual return; **ii)** securely maintaining company records; **iii)** liaising with the Mauritius government on our Client's behalf; **iv)** legal filing of changes of company structure; and **v)** reminding our Client of statutory deadlines;

In accordance with the [Financial Services Act](#), a Mauritius GBC company shall as from the date of its incorporation have a legal registered office in Mauritius, to which all official government communications and notices may be addressed. To comply with this statutory requirement, our local agent's Mauritius office will be the registered office address for your company. Thereafter, this address will be used to receive government correspondence including **i)** tax letters; **ii)** notice of the legal annual return; and **iii)** all government communications. Most of our Clients wish to place [our local agent' office address](#) on invoices, contracts, websites and business cards;

3. To secure multi-currency corporate bank account approvals for our Client's company, Healy Consultants Group PLC strategy is as follows:
 - ✓ Healy Consultants Group PLC will prepare a quality business plan for our Client's review then use the same to **i)** secure multiple banks' confirmation they welcome a formal application from our Client's business and **ii)** maximize the probability of successful multi-currency corporate bank account approvals;
 - ✓ At the time of company incorporation, we recommend to keep [the corporate structure simple](#) (click link) by appointing our Client's preferred individual shareholder(s) and director(s) and bank signatories – no corporate entity, nominee, trust, or tax haven holding company;
 - ✓ Our Client to appoint individuals who could timely travel to meet multiple local and international banks, if their Compliance Departments require the same before releasing multiple multi-currency corporate bank accounts numbers. If travel is required, our Firm will refund US\$950 and action [this travel policy](#);

Mauritius GBC Invoice

- ✓ Before, during and after bank meetings, the bank's In-house Legal and Compliance Department may revert multiple times for additional documentation and information from each **i)** bank signatory / director / UBOs of the companies as well as **ii)** our Client's business and transactions;
- ✓ If some banks decline to board our Client's business, Healy Consultants Group PLC will immediately inform our Client and action backup banking solutions;
- ✓ All going well in an average of 3 months following application submission, Healy Consultants Group PLC secures multiple multi-currency corporate bank account numbers for our Client's company;
- ✓ Thereafter, Healy Consultants Group PLC or the banks will courier mails and e-banking tokens the bank signatory, who is expected to activate the internet bank account, if needed with Healy Consultants Group PLC's assistance;
- ✓ After corporate bank account numbers are secured and if required, Healy Consultants Group PLC to assist our Client to appoint more new shareholders and directors. However, the banks will usually only approve them as bank signatory after a face to face meeting and review and approval of a bank signatory application;

For each bank, our Firm will prepare a quality tailored business plan; to optimize the probability of corporate bank account approval. Each corporate bank account opening fee is [US\\$5,950 \(click link\)](#). It is a time-consuming task; Healy Consultants Group PLC will shelter our Client from the administrative challenges. As you can appreciate, it is a difficult task to obtain bank account approval through newly formed companies when shareholders, directors and bank signatories reside overseas;

Depending on the nationality of the UBO, shareholders, bank signatories, and directors and the nature and value of the business assets and transactions, it is wise to expect that **i)** corporate bank account approvals will take an average of three months from the date of company registration and receipt of all KYC documentation and **ii)** multiple banks will request the directors AND bank signatories to travel for a one hour interview with the bank officer, before bank account opening. Refer to the notes below for more detailed important information about each corporate bank account opening procedures and requirements;

While Healy Consultants Group PLC will be glad to assist our Client to open multiple corporate bank accounts, it is challenging and time consuming to open corporate bank accounts for businesses when their shareholders, directors and bank signatories do not live in the country where the bank account is being applied for. Consequently, it will take us an average of [twelve weeks](#) to open each corporate bank account, counting from receipt of all required KYC documentation. Healy Consultants Group PLC will prepare a business plan for the bank to optimize the probability of corporate bank account approval;

During the corporate bank account opening process, it is common for each bank's in-house Legal and Compliance Department to request additional [due diligence](#) documents from potential customers including but not limited to **i)** regulatory licenses **ii)** proof of business globally and in home country including evidence of contracts, invoices and agreements with local Clients and **iii)** additional KYC information on our Client's business and place of residency, including nature and volume of transactions. We assume our Client provides most of this information within one week;

Because global interest rates are low, international banks make little profits from current accounts. Consequently, international banks appetite for new multi-currency corporate bank account opening applications is low. Consequently, global banks are more likely to reject new multi-currency corporate bank account opening applications. Because of the above, customer demand for new corporate bank

Mauritius GBC Invoice

accounts is very high. Consequently, international banks choose vanilla customers that tick all the boxes of a low risk Client. For example, most banks will only welcome multi-currency corporate bank account opening applications from a company registered in the same country, with local staff and office premises;

When dealing with international banks, the front office bank officer (Relationship Manager) is willing to help Healy Consultants Group PLC and our multi-national Clients. The realistic role of this bank officer is to collect information and ensure an accurate and complete multi-currency corporate bank account opening application is submitted to the bank in-house Legal and Compliance Department;

Unfortunately, the bank in-house Legal and Compliance Department has ultimate power of approval over new multi-currency corporate bank account applications. This Department is extremely risk adverse and often lacks commercial reality. Furthermore, the in-house Legal and Compliance Department does not speak to customers nor to Healy Consultants Group PLC. All communications must go through the front office bank officer. Consequently, quality Clients do not get a chance to communicate directly with the bank decision makers – a chance to properly explain their business and the risks the bank perceives;

Global banks enjoy ultimate power of approval of corporate bank account applications. Consequently, guaranteed success is outside of Healy Consultants Group PLC control. What is inside our control is the preparation and submission of a high quality bank application that maximizes the likelihood of approval;

Global banks [continue to tighten](#) corporate bank account opening procedures, their internal compliance departments completing more thorough due diligence of Clients. Consequently, our Client should expect the bank account approval period at least 2 months and on average 3 months.

During the engagement, banks will revert to Healy Consultants Group PLC and our Client to request additional KYC information, including **i)** details of existing business setup; **ii)** reason for opening bank accounts in the specific jurisdiction; **iii)** list of suppliers and Clients in the jurisdiction; **iv)** lease agreement; and **v)** proof of net worth from the shareholders and evidence the same are complying with their local taxation reporting obligations. As always, Healy Consultants Group PLC will liaise with the bank to secure exemption from these requirements;

Healy Consultants Group PLC will try its best to negotiate with the banks for a travel exemption but most international and Mauritian banks will likely request both the foreign directors and bank signatories to travel, for a one-hour interview before the bank account numbers are issued. If the banks also request Healy Consultants Group PLC nominees to travel, there will be an additional fee of US\$5,950 per trip payable to cover the flight and hotel and other trip disbursements.

All banking charges, certification and translation and other third-party fees incurred during the corporate bank account opening process are to be borne by our Client, never by the nominees. These additional fees are to be payable in advance of any disbursement;

Healy Consultants Group PLC will supply the banks with the proof of addresses and other due diligence supplied by our Client. Hopefully they will accept the same and do not revert requesting additional documents; From our side we will relentlessly negotiate for banks waivers. Healy Consultants Group PLC expects the bank's risk department to request additional [due diligence](#) from our Client's business and from the bank signatory, directors, shareholders and UBOs. We assume our Client will timely supply this information and supporting documents or there will be engagement delays.

If our Client is not comfortable with only a Mauritius corporate bank account, Healy Consultants Group PLC will be pleased to open [an additional international corporate bank account](#) (click link) outside of Mauritius. Examples include New York, Germany, Liechtenstein, Austria, Bulgaria, South Africa, Australia,
